300	3t. Total Number in Household	Email from Ajay Avasthi on 7/11/02 (originated from Robert Crow)	11-Jul	User says that the 50058 TAG says for 2a = 10 only submit 3a through 3n for 3h="H" and ("S" or "K"). However 3t is the count of all family members which may be more than just the head or spouse. I get error 4130 if 3t does not equal the number listed in 3a. Do edits need to be changed for this field?	Open

296	2m. Special Program	Web posting by Anne Barber	16-May	User says that there is an error on page 30 in the TRG dated 5-7-02. For field 2m, which is where WT for Welfare to Work Voucher is entered, TRG states that "if valued, 1c must be VO and 2a must equal 1, 2, 3, 4, 7, 9, 10, or 14. 295	8q. Number of Dependents	Web posting by Paul Gordon on 5/15/02	16-May	User says that the revised edit in the May 7, 2002 TRG for field 8q is incomplete. It does not exclude a foster child/foster adult or live-in aide as specified in the comments. The edit should read "... and 3h is not equal to 'H', 'S', 'K', 'F' or 'L'".	Open
294	8f. Medical / Disability Threshold	Web posting by Paul Gordon on 5/15/02	16-May	User says that the new (second) edit in the May 7, 2002 TRG for field 8f contradicts the first edit in the case where there is a disabled foster child/foster adult in the household and no other members of the household are disabled. A person is a family member if 3h equals 'H', 'S', 'K', 'Y', 'E' or 'A'. A person is not a family member if 3h equals 'F' or 'L'. User says that the second edit should read "... for the Family Record in which 3h is not equal to 'F' or 'L', ...". <u>Phyllis Smelkinson (in her email of 5/17/02) says the edit, as is, essentially says the same thing as what the user states.</u>	Open

RESOLUTION: Revise the 4th edit to read "If valued, cannot equal 999999999 if 3h equals H".	In 7/12/02 update

290	Mixed Finance Public Housing	Web posting by Tim Fleming on 1/18/02	16-Apr	<p>Here at Greensboro Housing Authority (NC011) we are starting to create a process to report Mixed Finance Housing. We need answers to the following:</p> <ol style="list-style-type: none"> 1. We have 25 units in a 500 unit apartment complex. These 25 units may not always be the same address. It depends on what is available when a PH tenant moves in. How do Housing Authorities report this in the Building and Unit file? 2. We know we are responsible for inspecting the units. How do we report this back? 3. What exactly are we to report back? What is HUD expecting to see since these are private housing complexes with some PH Tenants residing there? 	Open

289	2b. Effective Date of Action	Email from Virginia Viles on 4/10/02	11-Apr	<p>User says that when the PHA vendor based software changes the effective date by advancing it over a year, it will result in poor scores for SEMAP and MASS because it will show that the PHA is not conducting reexams and inspections on a annual basis (every 12 months). A tenant can have 12 or more interims a year depending upon their circumstances, if their software is moving the date up a year each time an interim is accomplished they will never be correct in the above fields. NOTE: Ajay says that no change to the system is needed (see his email dated 4/11/02)</p>	Open

285	Errors in section 17	Web posting and email from Helen Branson on 2/21/02	21-Feb	<u>Original web posting:</u> According to the 50058 Instruction Book(17a), a tenant may participate in FSS and WtW programs. However, the technical reference guide states that if the FSS Indicator (17a(1))is "Y", the WtW Indicator (17a(2)) must be "N." This seems to trigger several errors with Section 17. How are we supposed to send the information for both programs under these guidelines? <u>Follow-up email:</u> First of all, I'm the programmer for several PHAs. Two of the PHAs are Albany Housing Authority, NY009, and Davis County Housing Authority, UT009. Both are receiving errors reflecting fields 17n and 17q which relate to the Welfare to Work Program. User has an FSS participant who didn't fulfill his contract obligations but is still employed. 279	12g(1). 12g(2). 12g(3). Housing Type possible selections (listed as "Group Home Indicator", "Own Manufactured Home, Lease Space Indicator" and "Single Room Occupancy Indicator" in TRG)	Email from Chitra Subramanian on 1/30/02	31-Jan	Problem: One TRG fatal error for 12 g reads "Must be Y or N" which I do not understand since this is a multiple choice question on 3 different kinds of houses. Also, a family may actually live in a house that is a different category from all 3 of those listed, in which case one can leave this line item blank. 278	8t. A few of my families have dependents who just turned 13 at the time of Annual Reexam. So, the subsequent 50058 transmitted contains the actual 'not reimbursed child care expense' and the fact that the child is NO LONGER LESS THAN AGE 13.
